

Moving Forward. Kicking Back.

2017 Pavement Management Program

PROJECT OVERVIEW The City's 2017 Pavement Management Program is an ongoing plan to rehabilitate the deteriorated streets within the City's corporate limits. Potential projects for the years 2017 and 2018 have been identified with CDBG funded projects extending into the year 2019. It is the goal of the City to reconstruct, mill and overlay, or apply a sealer to as many streets as possible that need repair to bring the aging streets back up to acceptable conditions.

Funding Sources	
Budget	\$ 500,000
Section 108 Loan	\$ 1,550,000
